

Landor 'Apps' for signage professionals

Landor 'Apps' are vinyl application fluids. They are the optimum barrier to place between the substrate and the adhesive backed vinyl. Most adhesives are solvent-based, water based Landor vinyl application

fluids prevent quick adherence to the substrate and gives installers more time and flexibility to position the graphic, particularly when working in difficult environments and with large formats.

A complete range includes:

ActionTac is a ready to use application fluid for applying pressure sensitive vinyl and decals to most surfaces. Works on all grades of vinyl and will not damage transfer tape or cause separation.

Window Juice is a window application fluid designed specifically to allow users more time for easy repositioning and gives a bubble and crease free result.

Grafix Gone is an adhesive remover that softens adhesive residue for easy removal. Won't damage plastics and eliminates the need for additional cleaning.

Splash is a cost effective concentrated vinyl and decal application fluid, easy to use and promotes faster adhesion.

ActionTac

Ready-to-use vinyl application fluid for applying pressure sensitive vinyl and decals to most surfaces.

- A great prep and cleaning agent
- One product for all grades of vinyl
- Will not damage transfer tape or cause separation
- Less clean-up residue
